Developed together with sophisticated experts in industrial cleaning, the HF flange system is suitable for every application. Due to the coupling system's user-friendly design, you can handle every situation. With the aid of the HF notch clamping rings, quick and easy coupling of individual hose lines is ensured. With our safety cotter pins, you can be sure that our system does not turn its back on you even in the most difficult applications. Moreover, we offer a great variety of adapters, reducers, bends and pipes.
