

HFH Hose Reel

Description: The hose reel for high-pressure hoses provides an efficient and practical solution for storing and handling high-pressure hoses in industrial applications. It is specially designed to securely and neatly store high-pressure hoses with up to 3000 bar (DN8) and lengths of up to 40 meters (with Tough Jacket). With a robust cover, the hoses are protected from damage and can be quickly and easily unrolled when needed.

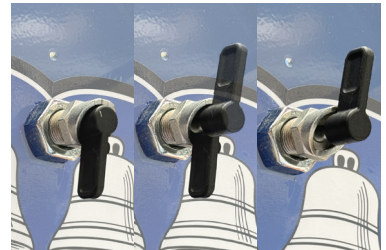

Features:

- Suitable for high-pressure hoses up to 43.500 psi (DN8) and 20m length (also available in 40m without cover)
- Compatible with 1/2 inch or 3/8 inch high-pressure hoses up to 23.200 psi with cover
- Robust construction weighing 11 kg
- Compact dimensions: Height 900 mm, Length 730 mm, Width 200 mm
- Optimal storage of up to 5 hose reels on one pallet
- Pallet dimensions approximately 100 x 99 x 150 cm with a total weight of 85 kg

Simply flip the locking lever to prevent the reel from rotating.
